

## NOT EVADE JUDGMENT

President Hill, of Northern Securities Companies, Issues Brief Statement.

### A PLAN TO DISSOLVE

Such Was Said to Have Been Discussed, But No Action Taken.

(By Associated Press.)

NEW YORK, March 15.—A number of Northern Securities officials, including President Hill, Vice-President Clough and Directors George F. Baker and John S. Kennedy, held a long conference at the company's office to-day.

It was said that plans to dissolve the company and return the railroad stocks to the original holders were discussed, but this could not be confirmed. An official copy of the Supreme Court's decision, as rendered on Monday, will be received by Northern Securities officials to-morrow.

Lawyers representing the various interests in the Northern Securities Company were in conference with President Hill and other officials until late to-day. J. G. Johnson, of Philadelphia, who argued the securities case before the United States Supreme Court, was reported to have been one of the conferees. The others included Francis Lynde Stetson, of counsel to J. P. Morgan and Company, and R. S. Lovett, representing the Harman interests. Later Mr. Hill said:

"We are waiting for the order of the court. Nothing can be done till we receive it. I would like to say, however, that there will be no attempt to evade the judgment of the court."

"We haven't any different plan or plans under consideration. There has been altogether too much guess work by outsiders. They have tried to make a mountain out of a mole hill, and there isn't even a mole hill."

## MUNROE WON THE MATCH

(Continued From First Page.)

persistent head work. It looked like rough playing, but it belongs to the game, and with the soft mat as a protection, nobody got hurt.

On the stage, off from the pit entrance, sat Mrs. Dwyer and the little Dwyer, and this sight of his little family urged Dwyer on to renewed efforts when he was in a hole.

He brought up memories of Fitzsimmons and his devoted wife, and nobody obstructed the view of the stage from Mrs. Dwyer.

In front the audience cheered Munroe, not so much as the wrestler, but as the coming applicant for championship honors in the fistic arena.

Shook Munroe's Hand.

He had his friends, and after it was all over hundreds of them climbed up on the stage, forced their ways into his dressing room to shake hands and wish him luck in his fight with Jeffries.

Not satisfied with this, they crowded around him when he made his way to his carriage, and shouted good cheer to him as he was driven off to Campbell's, where he met a large party of councilmen and other prominent citizens, and spent a portion of the evening.

Then he went to Murphy's and met some friends, and later retired.

Munroe will leave for Washington on the noon train to-day. He will stop over in that city, probably to-night, and will proceed to New York to-morrow.

He will go into training about the first of next month for his fight with Jeffries in San Francisco on May 20th.

Dwyer was showered with congratulations in his splendid showing with the giant. It was believed and stated by many that had the match been of the regular kind he would have thrown Munroe in the last round, and thus have won the match.

An agreement was that Dwyer was to put Munroe down twice, in an hour, or the latter was to put him down once, in order to win out. The actual time consumed, not counting a fifteen minutes rest, was forty-nine and one-half minutes.

Munroe had ten minutes to the good when the last fall was made, and that fall made a difference of \$150 in his prize. Had Munroe lost he would have received \$350; winning, he got \$500.

Before the match started, Master of Ceremonies Cates read a letter from Tom Sharkey, offering to meet the winner. After it was over Dwyer stated he would meet Sharkey on the same proposition that Munroe met him—Sharkey to throw him twice in ten hours.

He also said that he would be glad to meet Munroe in a straight wrestling match, two out of three falls at any time to meet Munroe in a straight wrestling match, to take place on the 25th of the month, the only open date at the Academy.

Dwyer Gets First Fall.

The match started at 9:30, a preliminary between the fifteen-year-old boys starting the entertainment. The boys went in to

## RUSSIAN TROOPS ON THE MARCH

(Continued From First Page.)

### NO POISONED SWORDS.

Report Due to Mistake in the Translation of a Word.

(By Associated Press.)

ST. PETERSBURG, March 16.—Official orders were published to-day, relieving Vice-Admiral Stark from the command of the Port Arthur division of the navy, ostensibly on account of illness. No successor will be appointed, Vice-Admiral Makaroff having determined to serve as squadron commander as well as commander-in-chief of the entire Russian naval force in the Far East.

Captain Schchennikov, commander of the battleship Retvizan, has been decorated with the cross of St. George for repelling the last Japanese torpedo attack and sinking the Japanese fire ships.

The talk of "pyroxyline" (poisoned) swords having been left behind by the fleeing Japanese is based on the misinterpretation of a Russian technical term. General Zilinski, chief of staff to Vice-roy Alexieff, in a cablegram, said that pyroxyline had been found in the form of disc shaped torpedoes, six inches in diameter, which the Japanese intended to use in breasting the mine field.

The Russian navy was expected to pass in order that the explosions resulting from the impact of the torpedoes might cause a stampede. As the road between Anju and Ping Yang is very narrow the hoofs of the horses of the Russian cavalry and the wheels of the Russian wheeled artillery and the whistles of the locomotives would have caused a great confusion.

Port Arthur Solid.

Has Provisions for a Year, Ascertains St. Petersburg.

(By Associated Press.)

PARIS, March 16.—The Temps correspondent at St. Petersburg asserts that the Russian army corps is decreasing from 100,000 to 120,000. He adds that Port Arthur has a garrison of 30,000 men, and is provisioned for a year.

The Russian ministry of marine, the Temps correspondent further asserts, claims that the Russian navy since the beginning of the war has four cruisers and five torpedo boat destroyers and the machinery of a 12,000 ton battleship, seriously injured.

The correspondent concludes his dispatch with asserting that the concentration of Russian troops at Mukden and Harbin is considered as terminating the danger from a Japanese landing in the northern part of the Bay of Korea.

SEOUL, March 15.—The Korean superintendent of trade at Kyong-Hung, on the Tumen River, has received a note from the general in command at Vladivostok saying that since Korea has joined Japan, Russia considers Korea as belonging to her, and will act accordingly.

A thousand Korean troops now at Seoul will be sent to the north next week.

The Japanese have ascertained definitely that a strong force of Russian field artillery is being moved to the north bank of the Tumen River, and that earthworks have been thrown up. Advice from Chon-Ju, a town northwest of Anju, say that the people are in a state of panic, owing to the treatment of women and the seizing of grain by Russians.

TOKIO, Wednesday, March 16.—The Cabinet after a conference with the elder statesmen and other political leaders, has decided to submit proposals for the creation of the tobacco monopoly to include manufactured tobacco and the creation of a salt monopoly to a special diet convening on Friday next. The Cabinet has decided also to suggest increases in taxes amounting to 60,000,000 yen.

The war expenses for the commencement of hostilities to the end of March are estimated at 158,000,000 yen. The government plans to meet the expenditures to the end of March with 100,000,000 yen from exchequer bonds just sold, 25,000,000 yen from the special funds and 33,000,000 yen to be raised by a temporary loan.

The expenditure on account of the war from April next to December inclusive is estimated at 280,000,000 yen, besides a special war reserve of 40,000,000 yen. The government plans to meet these expenditures by the issuance of 250,000,000 yen in exchequer bonds; 65,000,000 yen in war taxes; 7,000,000 balance on ordinary annual receipts and 25,000,000 yen from special funds.

## A LOVELY FACE.

Beauty Is the Greatest Power of Attraction.

Women Recognize It; Men Bow Before Its Shrine.

The Secret of Good Looks Disclosed—How to Look Your Best.

Never was there a time when women did not try to make themselves beautiful. What is so lovely as a round, rosy face, white forehead and full red lips? What so annoying as the black-heads and pimples on the face, with the dirty, greasy look which always accompanies them? Life is not worth living, the young girl thinks, because of the bad, unpleasant look of her skin, which she tries in vain to improve by the use of various cosmetics, ointments and powders, not knowing that all the while the trouble is not in the skin itself, but in the system. It is sometimes absolutely dangerous to use outside applications. The skin is simply cleared the disease is likely to attack some internal organ of the body, where it may prove fatal to life itself. But in purifying the blood the cure is natural, permanent and without any injury to the system.

Miss Beatrice Shanksy, 102 East 82d St., New York city, says:

"My work is very hard on the nerves, and I had become very nervous. I was always tired and worn out when night came. I was pale, and was getting very thin, and I did not feel like eating. Every nerve in my body was on edge, and I suffered a little thing upset me, and I suffered a great deal from nervous headache. When I was feeling as though I could not stand it much longer, Dr. Greene's Nervura blood and nerve remedy was recommended to me. Some other members of my family had taken it a couple of years ago, and it did them so much good I decided to try it. I never took any other medicine that helped me as much as this did, and I am grateful to Dr. Greene for his wonderful remedy. I gained flesh rapidly, and after taking two bottles now have a splendid color. My nerves are strong, and I no longer feel the strain of my work upon them. Dr. Greene's Nervura blood and nerve remedy has done for me what nothing else could do, and now I am able to do my work without being all dragged down by nervousness. I know Dr. Greene's Nervura blood and nerve remedy to be a splendid remedy for all business women, because it will keep them from breaking down under the nervous strain."

It is letters like these which prove the wonderful power of Dr. Greene's Nervura, the great blood and nerve remedy. By the use of this marvelous medicine the system is cleansed, giving a clear and healthy bloom, and freeing the complexion from blotches and pimples. It is nature's own remedy, a purely vegetable and perfectly harmless compound, the discovery of the celebrated Boston physician, Dr. Greene, of 101 Fifth Avenue, New York city, who can always be consulted free of charge, either personally or by letter.

sentations concerning America's interests affected by the proposal of the Japanese government to extend the tobacco monopoly so as to include manufactured tobacco. He urged the fair treatment of American interests and adequate compensation in the event of a monopoly being created. It is understood that Komura gave him satisfactory assurances.

American capitalists have recently invested in tobacco manufacturing in Japan, and the creation of a monopoly means early and complete exclusion of American tobacco interests.

Russian Spy Shot.

Terrible Justice Overtakes Captain Who Revealed Country's Secrets.

(By Associated Press.)

ST. PETERSBURG, March 16.—Captain Ivkov of the Manchurian commissary service has been summarily court-martialed and shot for acting as a spy in the pay of the Japanese. When arrested on suspicion of espionage, documents found in Ivkov's possession left no doubt of the truth of the charges, that he had long been revealing military secrets to the Japanese. The tragic story became public through a simple announcement in the army organ to-day that Ivkov had been excluded from the service.

Stay at Their Peril.

Missionaries in Hostile Countries Are Officially Warned.

(By Associated Press.)

WASHINGTON, D. C., March 16.—United States Minister Allen cabled the State Department from Seoul, under to-day's date, that the Cincinnati, arrived yesterday at Chemulpo, with twenty-three Americans from Chinampo. The minister announced that the missionaries in the neighborhood of Ping Yang had refused to send their women and children about the city, where they could be taken to a place of safety.

The State Department has made it clear to the missionary representatives in this country that in the case of actual war it cannot undertake to employ the United States army and navy expeditions into the interior of a country which is the scene of war. If the missionaries remain after a proper warning, the United States government cannot remove them, and they must take their chances with other civilians.

Commander Mason, of the Cincinnati, notified the Navy Department to-day that he had taken in twenty-three American refugees to Chefoo.

Ignorance at Tokio as to Vladivostok and Other Fleets.

(By Associated Press.)

TOKIO, March 16.—Tokio is undecided regarding the naval plans and movements of the Russians and is in doubt whether the remainder of their fleet is still at Port Arthur or is en route to Vladivostok. Late this afternoon a telegram reached the Navy Department saying that seven Russian ships have been reported as passing Port Lazareff. The report was not circumstantial. It did not give the character of the ships or of the direction in which they were moving. It is anticipated that the Japanese, by their activity, will speedily determine the whereabouts and intentions of the Russians.

Pettit's name has been on the roll for six years, and the government is now seeking to recover the amount thus paid, the claim being that he never performed any duties in the Baltimore office.
